# Welcome

When looking for the right luminaires for your location, our selection of affordable LED high bays is the better solution. Designed for indoor or outdoor use in a variety of commercial and professional settings, such as factories, warehouses, shops, malls, gyms, and more, these LED fixtures offer reliable performance in all sorts of locations, so you don't have to worry about constantly replacing fixtures.

## Quick payback

These led luminaires are listed as either DLC or ETL to accelerate the payback.

## 5-10 Years Warranty

Lightide stands by the products we sell and back them with an excellent 5-10 years warranty. Less cost for future maintenance.

## Emergency Solution

Help people stay away from the building in time under power outages, blackouts, fires, lightning strikes, etc.

# High Efficacy

## UBA-D Series | Gen 4

- High Efficacy: 150-170-190 lumens per watt for options
- Osram LED
- Sosen/Philips Driver
- Flicker-free
- Beam angle 60, 90, 120 deg.

UFO led high bay light is designed with high-performance outputs with 150 LPW, 170LPW, and 190 LPW for options. Replacing up to 1000 watts metal halide easily.

# Zigbee & Bluetooth

## UBA Series | Gen 1

The ZigBee gateway is basically a control center equipped with a standard Ethernet interface based on ZigBee technology. Can only be used by ZLL (Zigbee Light Link) and ZHA (Zigbee Home Automation) devices, enabling control over them via mobile application.

- High Performance – 140~160 lumens per watt.
- Power Option – 80W, 100W, 150W (or 160W), 200W , 240W
- Optional Zigbee Smart Control
- Optional Bluetooth Smart Control
- Beam angle 60, 90, 120 deg.

# Small Style

## UBA-B Series | Gen 3

UFO LED high bay lamp features a smaller size and is more efficient than the traditional high bay lights. UL924 battery also is available for emergency lighting.

LT-UBA - B-EMA

# Emergency Backup

- Conforms to UL 924 & CEC Title 20,
- Excellent Performance – 150 lumens per watt.
- Field Installation
- Std. 0/1-10Vdc Dimming

# Select Your Suitable UFO

## Step 02 Choose Options

### Voltage

100-277vac  
347vac  
480 vac

### CCT

3000K  
4000K  
5000K  
Selectable

### Control

1-10vdc dim  
Motion Sensor  
Photocell  
Emergency Kit

### Cover

Frosty  
Clear

## Step 01

### Choose Wattage

#### 100W

250W EQU.  
Up to 14,094 lm

#### 150W

400W EQU.  
Up to 20,945 lm

#### 200W

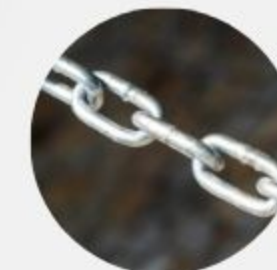

600W EQU.  
Up to 28,009 lm

#### 240W

1,000W EQU.  
Up to 33,400 lm

## Step 03

### Choose Accessories

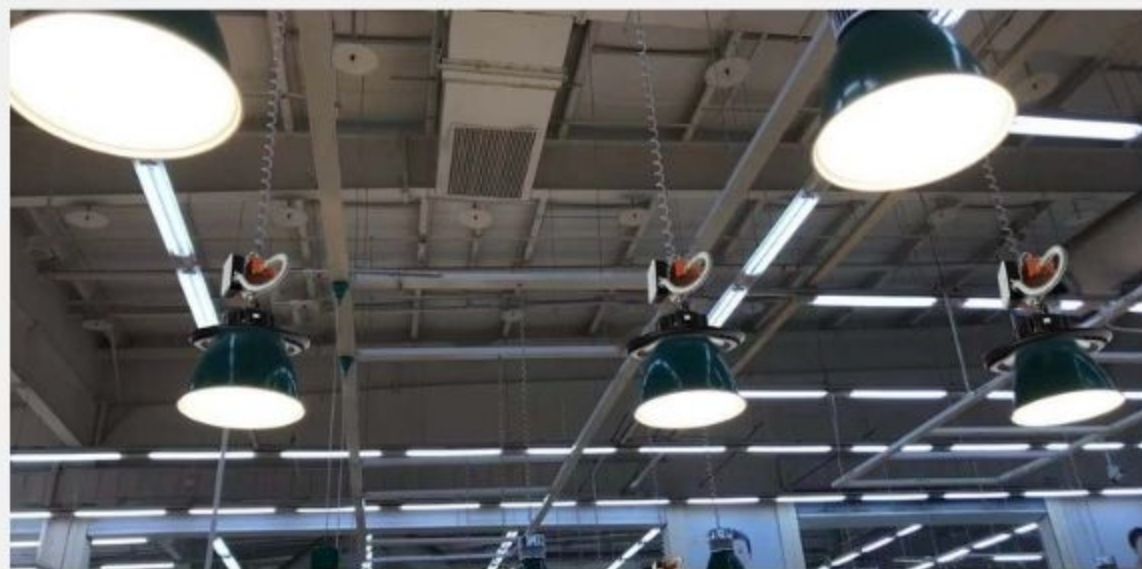

#### Suspending Kit

# Successful Case

“  
**Paul, Canada**

Great emergency led high bay products, takes 24 hours to charge up the battery the first time around. LED lighting is great for my shop.”
